AVVENTURA DI UNA LUCCIOLA A MILANO E ALTRE STORIE

opening Tuesday November 21, 2023 at 6.30pm

from November 21, 2023 to January 13, 2024

tuesday-saturday 10am-1pm / 3-7pm

Consadori Gallery is pleased to present the new group exhibition *Avventura di una lucciola a Milano e altre storie*, (*The Adventure of a Firefly and Other Stories*) featuring works by Paolo Ventura, Tullio Pericoli, Fausto Rossi, Lisa Ponti and Matteo Gubellini.

Starting from the original paintings of Paolo Ventura's book "Avventura di una lucciola a Milano", published by Topipittori in October 2023, the exhibition brings together the pictorial and graphic works of five artists, some already well known and protagonists of solo exhibitions at the gallery such as Tullio Pericoli and Paolo Ventura, new acquisitions such as Lisa Ponti and Fausto Rossi and new discoveries such as Matteo Gubellini.

The artists are brought together by their common vision and child's gaze on the world. Walking through the exhibition we encounter a firefly lost in the city night, we get lost in miniatures of toy soldiers' battles or on trains passing over viaduct-drawer cabinets, and while a few strokes outline characters on white A4 sheets folded like letters, magical figurines play against the background of enchanted forests.

A selection of works that tell stories of a suspended and magical time, taking us back to the poetic world of childhood.
